# The Value of Right Merchandise

The value of a signature on a bank check depends upon the standing of the man who wrote it. The same is true of the value of any merchandise which we or you buy, they either must bear the imprint of some good, reliable firm or you must have strict confidence in those who are selling them.

We guarantee to give you satisfaction with every purchase or money refunded. We ask manufacturers to give us the same guarantee with our purchases, so that our guarantee may be doubly protected.

Could there possibly be a safer way to buy clothing than to buy of those who protect you in every way?

### Will These Values Interest You?
